

Tekskil 15V LCD Teleprompters

The Industrial Quality affordable 15 inch Prompter

Tekskil's 15 inch Ultralight **Value Series** Prompter Monitors are the ultimate in inexpensive performance, guaranteed to perform under the most challenging conditions. Custom electronics and optics combine for enhanced readability. They incorporate enhanced LCD panels (improved brightness and contrast), special optics, and surrounded with a rugged yet lightweight folded metal enclosure. The advantage of using the lighter weight enclosure allows it to be used on smaller lightweight tripods as well as the midweight robotic pan & tilt heads,

Our innovative modular construction enables you to configure your prompter as a field or Outdoor Broadcasting system, indoor Studio Robotics or as the next Presidential Speech Prompter. Changing is as easy as disconnecting the panel from the quick release plate and retasking with either our field kit or Speech Prompter Conversion Kit. Four different hood configurations, three rail lengths and five different risers will tailor fit any camera and lens, no matter what!

- Tekskil 15" displays will replace most models of QTV, Listec, Autoscript or Telescript prompters
- Tekskil prompters are serious all-metal professional grade products
- Ultralight Series uses an innovative folded metal enclosure
- Come complete with the latest LED technology high resolution displays having 400+ cd/m² (nits) of brightness and a 2000:1 contrast ratio
- Can be configured with a front mounted LED Tally light, our TallyCAM Tally Display or our new Electronic Floor Manager (Clock, Tally, Messaging, SMPTE Time Code, Audible Cueing)
- Very affordably priced
