Panel Weight: 8.0 lbs  
Lamp Life: 50,000-Hour  
Power Consumption DC: 35 Watts (120 VAC)

This wide screen Aux Display will make life easier for your on-screen talent and production crew. Tekskil's 19P-A Premium Series mounts perfectly with today's smaller, lighter cameras & pan/tilt heads – no problems with overloading or balancing your camera system. The display is mounted at the optimum position and angle underneath the prompter with micro-truss supports - Tekskil's benchmark design and engineering. Our custom hardware enables mounting to any Tekskil Basic or Premium Series Studio Prompters.

Many broadcast studios are realizing the benefits of prompter-mounted Auxiliary Displays - secondary screens are a great way to share remote feeds and on-air cueing with the talent. Server feeds, Chromakeys, and over-the-shoulder inserts are readily visible without losing eye contact with the camera. Your talent will appreciate the added production support provided by auxiliary displays. These High Definition 19" LCD units are comfortably viewed from 25+ feet away. The 19P-A is an extremely cost-effective addition to the camera platform. Compare features, construction and value with other manufacturers - Tekskil's quality, ease of use and affordability make our prompting systems the best choice for all your prompting needs.

**Compare Tekskil's rigid truss design with the competitions articulated arms. What do you want suspending your Talent Assist/Aux Panels?**

**Tekskil Quality Engineered for your Studio**
